

2/13/91

Dear Brian Lamb, CSPAN;

Brian, you cut me off the "talk-in"
when Hockstein was on - TIME mag. - 2/13 PT,
around 6 am PT,

I only had one little 3 line par. left:
"This whole Gulf episode is taking place
just a few hundred miles (more minutes/
seconds by super-sonic planes or missiles)
from the very borders of the second-
largest hydrogen-bomb power on earth"

"WWII Vet, Ca."

Brian, don't you think it would
be only fair to include my ENTIRE
comments (incl. last par.) in your per-
iodic "printed letters on the TV screen?"
(letter mailed personally to you 2 days
earlier on 2/11/91).

[P.S. CSPAN I like, & it keeps me from
going completely nuts.]

cc: S. Truhner

My 1st time calling & I got on!
Keep up the good work!
