Your program ming yesterday
on the press & politics made for a
very interesting time for me. All
of your guests were informative
and, I felt, quite open - even Bill
Plant, who is not really a favorite
of mine.

I have intended to write you
several times & put it off. Your
station is on a lot in my house.

In case you keep demographic
records - I am a 68 year old
woman - wife of a retired school

Teacher - married for 47 years. I am
an active person - I golf, play
bridge, sing in a barbershop harmony
chorus, read (a lot), knit + crochet, &
do volunteer work at a local museum.
I have two children - 46 + 37 yrs.

The one time I really meant to
write was during the Keating-5
hearings.

My only complaint is when you
cut something off to cover the sound-
and then nothing happens there. I
wish you would announce right
then - if & when you plan to re-
broadcast the interrupted show.

My husband & I both like to
watch your unbiased shows -

Sincerely
