I wish that you would give us
name of host. If it was on I missed it.
Why not keep it on screen as you do
guests?

(male)

Anyhow your host had Wm Neekirk
between 7-8

A caller, woman, called & trashed
Republicans something terrible - saying that
we can't afford to have Republicans
elected for tobacco for one issue &
many others. This host let her carry on -
then said "Well, she made a point".
He did not even allow Neekirk to
comment - respond. just went on to
next call. He appears liberal.

When Mc Dermott was on a man called
about many lawsuits that give lawyers jobs and
they are supporting Democrats (financially)
which is true, they did not discuss
that issue either. Mc Dermott had
mostly all liberal calls - nice quiet -
non conflicting at least while I had it on -
I turned it off.

The host also told a caller (before
Mc Dermott came on) who asked if he was

one who typed Hunt. The Lord said 'yes'
✓ he was sure that it would be discussed
in next hr.

But it was brought up when McDermott
came on & he also got paid it by
saying that it was in courts and maybe
was to be thrown out -

Why is it not discussed when all
we have is Linda Tripp being a
criminal for doing it and she is
all over news - He wasn't

So Neikirk did not have a chance
to speak on it either.

Why every time I turn C-Span
on there is a Democrat?
