C- Span

I can't believe what has happened to C- Span. After 12 yrs of being a watcher of C- Span - I was appalled at your bias on the time you spent on Welfare.

Of all the African Americans in the office to day - I saw only 3 white families and who did you pick too he filmed - a white lady with 2 children. Why the bias? your trying to make it look like the whites are the ones who are on Welfare. It makes me sick. your program is being influenced by C.W.N and believe me its losing viewer ship. Steve Scully slams Jewt Bengreck every chance he can. So does J.J. Also Lew Hetsum - The only ones seems to be fair is Bryan Smith. Susan Swain has lost her personality.

She copied Judy Wood worth  
of C.N.A. She has lost her personal  
appearance. Her hair is a disaster.  
My Connie is so abrasive  
and acts like a pook.  
You don't let reporters answer  
a lot of Call in Questions or  
your reporters are using an  
excuse - I don't cover that problem.  
I haven't read any article about  
that Calumet. You coach your  
guest when a Call comes in  
about the White House. We  
aren't blind out here.

You cut people off when they  
ask about some thing that isn't  
too your liking.

Why is it you show your  
bias. It's unfair.

When the public watch you as  
long as I've turned in - they  
will turn you off like I do.  
all of you are part of the liberal  
insider journalism. It's a  
shame.
