

B Span -

I am not one of your callers - I have better things to do with my time than spend the day dialing a telephone number.

However since seeing the press conference on Vincent Foster's death I have no doubt as to what killed him - The same pack of wolves that attacked the Post Publisher - the FBI up. & the white house up.

If that old woman who talked so much and was so foul mouthed represents my need to know - They can stop any time. I'll take care of my own need. If these interviews are seen in other countries - God help us.

I have a suggestion

Since no one seems to know how to stop the Serbs - Why not collect the White House Gas can - Put Ross Perot in charge with Pat Spivak of CNN as 1st. Louis (St) send them into Serbia - If they do not ~~talk~~ talk them to death & the Serbs shoot first - Good Riddance

P.S. Why not have a call in on Ethics in the Press case?
