November 19, 1996

Brian Lamb  
C-Span  
400 North Capitol NW  
Washington, D.C. 20001-1511

Dear Sir,

I had written to you on October 2, 1995 and this will be my last letter to you.

Once again, to let you know where I come from, I will tell you a little about myself. I am 67 years old. I have traveled extensively throughout all 50 states, and have traveled in countries on all the continents except Antarctica. I am an historian and author. I have now had 927 articles printed in various magazines and newspapers throughout the states. I have had articles printed in Japan, Italy, Nigeria, Mexico, Philippines, (several languages) and India (three languages). I do a lot of corresponding and have received mail from 133 countries. I have had my picture in newspapers and magazines 33 times and twice I have had write-ups about my life.

Eversense I was in Junior high school, I have been interested in people, their cultural and their religions. That is why I have traveled so much and have written so much. Some years ago, a booklet was published of some of my articles. It has been suggested, that a book be published of my most recent articles.

As of today, you still use the three affirmative action phone numbers. You promised (also, I heard you) that these numbers would be discontinued on election day, November 5th. On November 15, a caller told you that you promised to take the numbers off after election day and that you lied. You stated, that you did not say this. You are a LIAR! You ignore callers and their topics that are important because they do not believe in your liberal (evil) thinking and ways. You cut off people who have important things to say, who disagree with you. You try to control the news. You said, that there is no proof to indict and convict the Clintons. Another great LIE! I have a cabinet drawer full of evidence plus books and other materials about their crimes, even murder. Boy Traitor (Bill Clinton) and the Wicked Witch (Hillary Rotten Clinton) are the two most evil, corrupt, low life, white trash, that America has ever produced since 1976. The only person that is more evil than these two, is the devil himself. The devil is very proud of them.

On November 14, a caller said Lamb promised to do away with the three numbers after election. He asked Susan to comment. She completely ignored it, as if he didn't ask it. On another day, Susan stated twice that Clinton had turned over his medical records. Another LIE. On September 24, Connie lied.

At least 99 percent of your guests are liberal. There is one political party. The Stupid Party (Republicans) have joined the Democrats, The Democrat Party is the Communist Party. The only difference between them is that they both want the power to rule.

O.W.S. R

The words moderate and progressive are code names for liberal. Liberal is a code name for evil and Communism. Conservatives are a thing of the past. Some years ago, an editor of a newspaper told me that I was not a Conservative or a Liberal but a realist.

Television is the most evil invention that was ever produced. We did not have a television set in our home until after the children were grown. My wife and I decided that television would not be a baby sitter and teach our children. There isn't one TV network that is fit to see. We watch very little TV and now I watch very little of C-Span. I am another viewer who may completely stop watching C-Span. C-Span is the best network to watch to see how evil and corrupt the American people and politicians are. The vast majority of your callers are ignorant, uneducated and evil. It has been stated that the C-Span callers are the best educated people in America, you can see from the callers how stupid America is. The United States is a nation of idiots.

The C in C-Span stands for Clinton-Communism. C-Span is the major homosexual network. All networks promote the homos. ABC is All Bout Clinton-Communism, NBC is Nothing But Clinton-Communism and CBS is Clinton-Communism Broadcast System. You cannot believe anything you hear on these networks, this includes their anchormen: Brokaw the Dumbkauf, the hateful bigot Rather and the Ayatollah Jennings. Also, you cannot believe nothing on CNN and FOX.

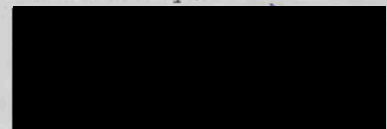

You cannot believe a word that is printed in the leftist, liberal newspapers, the Washington Post and the New York Times. This goes for all the liberal mainstream newspapers. I read as high as seven newspapers but now I may only read one, the Pittsburgh TRIBUNE-REVIEW. There is another major newspaper in our area called the Pittsburgh Post-Gazette. It isn't worth the paper it is written on. At one time, I was receiving 82 publications regularly in my home. I have done away with most of them. I have a pretty good library. So you see, I do a lot of reading and research.

There is no longer a legal order in the U.S. We now are a nation of men, not laws. We do not have a country. The Constitution is gone, shredded and destroyed. The only hope for this country is that the militias will rise up and start an armed revolution.

With the fall of the evil Soviet Empire, the United States is now the Evil Empire. The U.S. is the Great Satan of the world. Diversity and multi-culturalism has destroyed the U.S. This is a racist country, the Negroes and many whites against the white race.

There is much, much more that I would like to say, but I will close, As I want to begin writing my 1996 State of the Union message. I have been writing one, starting with 1993.

Sincerely,

P.S. I have spoken 142 times in 44 states. Also, I have spoken hundreds of times in countries as India, Canada, Mexico, Uganda, England, Australia, Egypt, and Colombia, South America.
