Dear Sir or Madam:

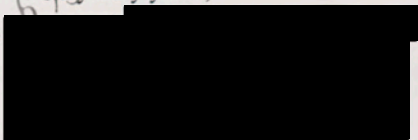

I am writing to ask if C-SPAN intends to televise the Libertarian National Convention this September. I understand that Sen. Orrin Hatch will speak there. I enjoyed the previous coverage of the Libertarian convention in 1991, and look forward to seeing it again, especially with this inter-party address.

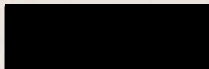

Regardless, I also wish to express my appreciation for C-SPAN. Your variety of programs is excellent, and you provide a great service to Americans by helping them stay informed about happenings in their government. You are to be lauded for presenting many viewpoints, issues and events that might otherwise not make it into the average citizen's home.

I have to give a plug for one of my favorite types of events on C-SPAN: media & politics symposia and roundtable discussions. Please continue to present them as often as is feasible.

Very truly yours,
