

^{Ms}
Dear Susan Swain,

My mother and I watch C-span a lot, and we are impressed what we see all the time we watch it. How long has C-span been on.

How long have you been ~~on~~ a part of the commentary on the news end of it. We like the news items they have, whenever they show each time they or you have on T.V. What new items will come up after the democratic convention. Will you also air the republican convention also.

What other news commentary did you do. My mother and I watch 20/20 quit a bit. That is quit good too, but when I watch C-span, you bring out everything. I would, and my mother would like to know, how soon you are notified, when you do different news items.

My mother liked you a lot, and she is one of the reasons, why I am writing this letter to you.

She has arthritis quit bad, ^{also} ~~and~~ she can't write as well. She has also lung trouble, do to excessive smoking. She has Eymphasima real bad, only 20% use of her lungs from it. So she is handicapped pretty much so from writing, too anyone.

My mother was also impressed with something Else. It was something you were wearing that night. On Saturday night, you were wearing a designed scarf

she liked. She was wondering this about it. If it was pure silk, or acetate. And I said, I didn't know. Then mother asked me, to ask you. If you would take Fifty dollars for it. Know this is my mother asking you, if you would take fifty Dollars, for that green, and pink designed scarf. She loves scarves to wear, at dinner places, you name it. She just loved that pattern on that one particular scarf. So I guess my question to you miss Swain, would you send it to my mother. Or if you can send it to me, I'll give it to her, and she will send some money for it. Thank you, and I hope to hear from your feedback. Send to:

In either case, my mother and I will still watch C-Span, and you. Again I hope I hear from you, and I hope you send the scarf for my mother. Thank You Charles Sweet, or Virginia Sweet. There is nothing crazy about this request. Just something my mother liked on you, period.
