Dear Mister Lamb:

I recently became aware of your program, Booknotes, which we receive on our local cable network, and I feel "cheated" because I have missed an hour each week of superior TV. I just happened to catch your show while channel hopping. I sincerely wish I had known about the program earlier.

Ever since I have become a recent and dedicated fan I have told everybody I meet or know to tune in.

Yours is among the best public service programs available, and it has provided me with some of the most thought provoking and wonderful books and an introduction to their authors that is just sensational. The realms of government, public interest, and culture are truly explored.

Our town library is having a tough time keeping up with my requests.

Your show provides a masterful beginning introduction to the great issues of our times.

I would like to congratulate you on your skill, knowledge, and professional demeanor and attitude in your interviews. A superlative production effort by you and your staff!

Sincerely yours,
