Dear C-Span,

My husband and I love C-Span C-Span + C.N.V. are about the only T.V. we watch. C-Span you really do this country a service. Our favorite part of C-Span is the call-ins. The American people speak so eloquently the things that need said. When I listen to the call-ins it gives me hope in the American people.

On Jan 28, 1994. I happened to tune in (on C-Span) the mayors conference. The speaker was a lady from the Children's Defense Fund. (I didn't catch her name) She told the mayors she had a Sabbath Day for the churches. On that day the churches should teach the literature the C.D. Fund had distributed to the mayors.

The printed material on (Crime + Violence) should be given to the mayors + distributed to the churches. On the Sabbath (what ever that is) the churches should teach the material the C.D. Fund had distributed. I was alarmed!

One mayor (a woman) raised her hand + said, "Isn't this a violation of church + state?" The speaker C.D. Fund said, "N O." I about fell off the couch.

1. The political party C.D. Fund -  
to distribute literature to churches  
is a direct violation of church +  
state.
2. I would have no respect for any  
church who took C.D. Fund  
literature + taught it in the churches.  
The true church does not need C.D.  
Fund literature.
3. The Children's Defence Fund does  
not seem interested in children, actually  
"Children" is not their agenda, they have  
a deeper "cause" than children. C.D.  
Fund is a front to push propaganda.  
Churches are used for politics many  
times instead of religion.  
I want separation of church +  
state period. No Children's Defence  
Fund period.

I see grave danger in political parties  
in churches. Teaching sometimes come  
sutaly <sup>under</sup> many guises. My church  
would never participate in the C.D.  
Fund.
