program -

Do not believe that "Kabile" Author
Have been Associated with the two
Major Generals (Marine) on their program -

These are the men who can tell you how
it was 50 yrs ago - not pre fabricating of
what he thinks - Wish you had more
of the High Military people of the Navy &
Army - I thought you were going to have
them instead of the historians - Please try
& get some make older men - it is like our
History lesson when we were only 16-17-18 -
