Dear Sirs,

Today I heard a very stimulating program on VISN about the United Nations University for Peace. I had never heard of it before, and I could not move fast enough to get the address written down while it was still on the screen. Is there a possibility that C-SPAN will have a similar program? I should certainly be interested in seeing a more in-depth treatment of the subject, as C-SPAN customarily does with the subjects it chooses.

Could you by any chance give me the address I need to write for more information?

Thank you,
