Dear Sir:

I watched your porgram viewed Friday morning, Feb. 25 and the usual "Perot" bashing by your NBC guest and the other major networks controlled by the liberals.

C-Span is in a class all by itself when getting the news to the people. You can trust and believe what you see and hear.

The propaganda networks report their view point thinking all those listening are buying their garbage, and many do, but it is not accepted anymore without question.

The debate between Vice President Al Gore and Ross Perot has been declaired a great victory by the national media and the Clinton fan club. In their view, the Vice President gored Perot during the NAFTA debate. My evaluation was, the main topic on the NAFTA debate was shifted to a personal attack on Perot and his business transactions, which took Perot by suprise and his views on NAFTA were not that effective.

The Adam's family now occupying the White House are there by default and as a direct result of a two party system of government that does not reflect the wishes of it's people.

This injustice will continue until the electoral system is abolished for a popular vote for the office of President in the general election process. In addition, the time has come for a strong third party in the Congress and is desirable to meet the needs of the people.

Keep up the good work C-Span. The country needs you.

Yours truly,
