C Span

You should get a group of Yugoslavians now living in the U.S. on C Span to discuss Kosovo with Brian Lamb.

Don't ask their opinion ahead of time, just bring them on.

The opinion of your guest journalists is always the result of how they feel about Clinton, for or against. The opinion of others would be interesting.

Just announce this discussion a few days prior to air time -

We do not get C Span 2 in this area, unfortunately - We've

tried.

I've turned off Washington  
Journal a few times because  
of the journalists, gets boring—  
Sickening!

Thank You

P.S.

I don't like tuning out Wash. Journal
