Dear Sirs/ Madams:

Thank you for your attention to the April 25 Gay & Lesbian March on Washington. Your non-stop coverage was courageous and informative.

I have heard that your network has received some negative response to the reporting of that day's events. It's a shame that every American can not appreciate the right of other Americans to demonstrate for the equality and fairness due them.

I admire your network's stance and will continue to depend on C-SPAN for coverage of issues affecting our nation.

Sincerely,

WASH., D.C. 200 GMF DCR#8-07414-93 16:52
