I have no use for Jo icelli, Durkin, Levin & Kenn. You can jam him down our throat all you want, we'll never trust him & the others. It's interesting you had him on now to praise Clinton & tell us how honest he is. An hr. of him is more than we need. He's so holier than thou these days. When are he & the others going to apologise to Thompson. It was not just the so-called \$100,000 from China, it's the million he got from the Co. in question. ^{LOCAL} Horwiczelli talking about vitriolic attacks is a joke. He's done nothing but lie, but evidently lies pay off for him. He's a smooth talker but that doesn't mean honesty. It's too bad Wash. J. is moderated by Liberals. We'd have more honesty if it wasn't.
