

I watch C-SPAN because, it's unbiased, informative, and entertaining.

all people, young and old would think and vote more constructively if they took advantage of all that C-SPAN offered.

The program is conducted so well that the audience is subjected to a lot more truth, real emotion and feeling from the participants than they would be if they listened to their obvious prepared speeches.

I vote for some candidates even if I disagree with them on issues. I do require honesty and justification for their opinion and C-SPAN is invaluable in this respect.

my compliments to all responsible for the program.

Don't Change it!

Thank you,
