Subject: Incomplete list of Republican Candidates

Is this program listing correct? It lists even some people with unfamiliar names, but the name of Alan Keyes is nowhere to be seen.
The last presidential election process revealed extreme abuse and neglect of Alan Keyes. Please don't tell me it will happen again.
Please be fair. Please let this American voice be heard. I expect C-SPAN to open up the political process to the American public and not hide the voice of Alan Keyes.
Please let me know of any corrections you make. Thank you
