Dear Brian -

Your interview with Ross Perot on Aug. 19 was one of the most interesting and informative programs I've seen anywhere on TV for a long time. Your questions were very well-put, and his answers were straightforward, with no political hidden agenda - which is so obvious with most interviewees.

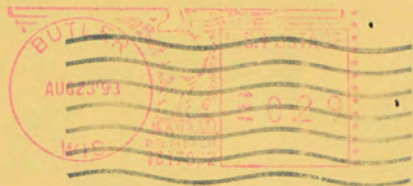

Just the tour itself was most enjoyable. The whole program was educational, and I hope you'll re-run it soon!

Thanks, Brian - great job!
