Kalamazoo, MI 49002

Dear Ms. [REDACTED]:

It is my understanding that the Cablevision of Michigan has applied to the F.C.C. for increased availability of channels for their broadcast purposes, in the Kalamazoo Michigan market area.

May I urge you to make available to your subscribers C-Span and C-Span II, 24 hours a day on your successful negotiations.

It is my recollection you were able to use one of your three community access channels during the Gulf War for C-Span II viewing; I sincerely believe the pre-election programming for national elections from c-Span and C-Span II is vital to our citizens best interest.

Sincerely,

[REDACTED]
