At the risk of...

being "too cute" I hereby enter the C-Span contest with poetic verse and definitions. Being semi-retired and addicted to both TV and radio I can honestly say my viewing habits changed drastically in mid-1983. That's when cable finally arrived in North Dallas and C-Span entered my life.

I WATCH C-SPAN BECAUSE:

Who else but C-Span would take us to see
Politics on the hill
To drop in on city and rural folks
Good interviews fulfill.

It covers the political spectrum
with formats new and bold
And it takes us direct to the action
Tho it's just five years old!

Another way of expressing it:

C = Congressional Coverage
S = Selective Interviews
P = Political Education
A = America's Network
N = Neutral Moderators

Yes, I watch C-Span because - it's great!

Sincerely,
