I was surprised to hear that the James Monroe President his help in resettling slaves in Liberia. Neither seemed to know the date that this started or the date of independence.

Liberia was settled in the 1830's (at one time I know the exact date, but have forgotten it, *(Thanks to President Monroe!)*

There government up until the early 1980's when revolt began was patterned after the United states. With a President, Vice President Supreme court, and congress.

Up until the revolt they celebrated independence day with parades and fireworks and parties such as in United states.

The Lutheran church, Methodist church and Bretheran church spent many years bringing the gospel to this county, setting up hospitals, colleges and churches.

When the Revolts started with theguards from the capital President Tubman and his son and many government leaders were taen out and shot and families scattered. I still have not heard what happened to President Tubmans remainign families.

Becuase Liberia has no OIL only rubber the United states and United Nations did noting to help with the uprising only pulled out our embassy personnel and missionary staff and the country is just now recently had elections and friends that are staying in United states are being given permission to return.

The reason I am familiar with this country, My Parents Rudy and Beulah Helm served the Lutheran Mission field from 1962 until 1965

I was surprised to hear the interview with the Gentleman in regard to the James Monroe Presidency. so little was mentioned in regard to his help in resettling slaves in Liberia. Neither seemed to know the date that this started or the date of independence.

Liberia was settled in the 1830's (at one time I know the exact date, but have forgotten it, *(Thanks to President Monroe!*

There government up until the early 1980's when revolt began was patterned after the United states. With a President, Vice President Supreme court, and congress.

Up until the revolt they celebrated independence day with parades and fireworks and parties such as in United states.

The Lutheran church, Methodist church and Bretheran church spent many years bringing the gospel to this county, setting up hospitals, colleges and churches.

When the Revolts started with theguards from the capital President Tubman and his son and many government leaders were taen^k out and shot and families scattered. I still have not heard what happened to President Tubmans remainign families.

Becuase Liberia has no OIL only rubber the United states and United Nations did not^hing to help with the uprising only pulled out our embassy personnel and missionary staff and the country is just now recently had elections and friends that are staying in United states are being given permission to return.
