Dear Brian Lamb,

I've just had an operation and received a new left shoulder. I'm glued to C-SPAN and its wonderful programs. It's the best TV we can find.

One thing, I'm wondering - Am I the only one who wants to hear the other side of why we shouldn't have war? Aren't there any Americans or Europeans who want negotiations and Peace? Why are our Churches not appealing for talks? All the programs are backing the President and his firmness of his way is the only way - no negotiating! Time is so short - it's so scary. Do any Americans want peace? It seems everyone is backing the President and I don't call his deaf ears to Russian as good policy.

It seems that I need to hear
more from Peace Groups. Are
there any? I don't believe
that our government has gone
the last mile by any means.
Thank you C-SPAN,
