Dear Director:

C span had the most compelling coverage of former President Nixons funeral in all history! My neighbor who is a Democrat informed me she cried & cried & saw one soldier with a tear coming down his cheek which was so very sad! this is of course confidential to you! I always felt he was a great President cause he knew how to handle foreign policies well & in the end it cost our country less money going out but attained our country more prestige! For such a great Statesman for our country

-2-
you have excelled in his honor
believe me! Thank you for
honoring him for the whole
world to see what our
country is made of -
Great Leaders in many
ways!

Sincerely
