C Span  
Wash. DC 20001

We really appreciate having  
C Span to hear & see how  
our government works.

We've been waiting &  
waiting to see Ross Perot's  
testifying before a  
committee on Monday  
April ~~11~~ 12.

Most people in this  
country think the deficit  
is the most important  
problem and wondered  
why Perot's testifying  
wasn't more important  
than reruns of other shows.
