most of garbage is on
CNN + network

as guests

also.

To C-SPAN:

Greetings! I have no idea who'll read this, or if it gets read at all. You're always telling viewers, however, to name people we'd like to see as guests. Well I still am waiting for Eugene Terreblanche! No one + I mean no one has a voice to come anywhere near the mesmerizing power of his! The man holds you spellbound - the deep tone, Afrikaner accent, + most of all the passion in his speech. Only people with convictions so deep + gut wrenching - that they're prepared to DIE to defend them, interest me. That's the way I feel + Mr. Terreblanche is my hero! abroad! Pat Buchanan is my hero in the U.S. I + my husband support the Right Wing Afrikaners - PERIOD. Now that the White Referendum vote is coming up March 17 - (St. Patrick's Day!) South Africa WILL be prominent in the news once more. But always always, it's only the Black TV shows. I hunt for, + will stay tuned all day, any channel - + switch constantly just to ~~the~~ one of our people speak + have to hear usually. (over)

John Pinckney + Kelly B.
I don't think it's appropriate to name people as guests

Now that's not Right that I have to do that! Intolerable!

So imagine my surprise, upon seeing Lightline last night -
Lo! & Behold - old Loppel had some white people giving
their views on De Klerk's Reforms etc. ^{in S. AF. A} Wonderful! I
would not have watched it otherwise. No I do have hope
for more of this? I wrote Mrs. Neuenmicht 2 yrs. ago
& told him I'm on their side & how Cowardly &
rotten the media in the U.S. is, I got a letter back
thanking me for my interest & support! These are
our people - I'm interested in South Africa next to
my own beloved Country, which is also dissolving into ruin.
(That's why I'm voting for & working for Pat B.) Look what
S. African Whites are up against! They're the only reason
that part of the Continent has prospered. No dark Continents have
(or ever will) see light of any sort - without Western Civilization
first coming there! Damn those sorry, trouble making niggers
to HELL!! Mandela & the BITCH-WHORE Winnie (murderer too)
She's evil unspeakably so) We've SEEN them, though I never
watch any of them - time & time again - Now surely you can get some tape
with the REAL people who created & made S. Africa just as our
White Race created a new nation, the U.S. on it & show it!
I'm tired of being pipsqueaks & TRASH!
