Dear Sir or Mrs

I am not a member of N.R.A. but I am for them, all the people that you have on C-Span. If Gov Florio signs it he should be impeached because he is not practicing what he preaches.

He is for murdering babies before they are born. He like the scum Gov from N.Y are the scum of the earth. They are worse than the Commies in asia and Europe. So all the Reps + Senators who oked banning the guns in N.Y. because they might shoot some cop who like in Jersey City, here and A.C. are on drugs or selling them. I am for the Gov of (oned)

II

Penna. Casey should run for Pres in '92 and he will easily beat the Commie loving Bush.

So as I told you before get trash like Hughes, Gloria & Como off the C-Span or get off the air also Bush and Reagan. You know that people even teen-agers do not want old lady (Martha Wash.) Bush or Monie B. Reagan in their schools. In the states like Pa. and N.Y. we don't want or need them. Get wise before your rating goes farther down.
