OCT 11 REC'D

OCT 9 1950

After carefully listening too and watching C Spain the evidence is quite clear, America is advancing backward very fast. The reason America is so fast advancing backward, are too many Conservative super idiots. We are allowing stupidly educated, super pseudo intellectual, super naive, stupid phonies take over governmental rule ship. Super idiots constantly call in and speak with the super pseudo intellectual, foolishly educated, naive stupid phonies, who consider very few of the questions asked by good sense, commonsensed callers. Of course most good sensed, commonsensed questioners are too quickly cutoff.

Conservatives are the worlds worse enemies, they forge lies, are cruel, brutal, sadistic, barbaric, amoralistic beast. All throughout history making Conservatives have been and yet are God, the universe and human family's worse enemies. Conservatives have hampered the best advancement, improvement and progress of fellowship, brotherhood, relationship. Most worse crimes, violence, drugs and other wrongs happen during the regimes of corrupt, crooked Republican and Democratic forgers of lies Conservatives. Conservatives are too evil, too wicked, too wrong right-sides-ups. I pray people see the honest truth and turn all crooks out of office. I mean the worse corrupt crooks who don't care enough about total justice and righteous realities.

Severe hatreds are doing much harm to America. We are allowing wickedness to get an upperhand over homes, religion, politics, education, news medias, most businesses. Spirits and minds are being turned into boredoms, depressions, disgust, that ruins the lives of too many. Dopes and drugs are turned to many times because of boredoms. Crimes, violences sometimes comes from being too bored with self or others. I met many in prison who were inspired to use drugs and do crimes and violences, because they say they were too bored. Society provides motivations for wrongs by certain enticements such as greedy, money loving, selfish, covetous, envy, jealousy, confusions and pollutions of spirits and minds because of lacks.

Conservatives causes lacks. Lacks can provoke people to do wrongs. Conservatives forge lies, are too stingy, too wrong and don't care who they hurt and harm. Conservatives are disrespectfully ignorant about righteous realities. Conservatives seem to love wrong realities. Conservatives are never ready to do the best right things, they like to wait forever. And do a little bad good at a time. Conservatives seem to believe they should control all contributions and distributions. Look around Conservatives we own, we love, we care, we need lets all fight greed, and help every need.

3) C. 8

From a wise observation majority of callers in, and question answering guest on C-Span are cruel, sadistic, barbaric, animalistic, wicked Conservative, black and white foolishly educated white and black nigger fools. The just mentioned gains power, prestige, popularity and high positions when Conservatives rules. Conservatives have never produced a hero for the powerless, disadvantaged, too little learned, totally unlearned poor. In our best things done for all people are done by liberals. Liberals are closer too doing God's will. Satan's will is done by Conservatives.

Most of the people who are guest and callers in on C-Span, seem to be brainless, blind headed, naive stupid phonies. If C-Span callers in and guest are not brainless, blind-headed, naive stupid phonies they have paralyzed brains about Commonsenses, motherrights and righteous realities. Most answers I hear are stupid wrong realities. You should teach your guest to correctly answer questions without being so dramatic, sensational and wrongly dispensational. Your guest are helping to warp this world into believing in the make believe of dramatizations sensationalisms and cruel, unjust, unfair, brutal dispensationalisms are righteous realities.

4) C 8

Conservatives destroys lives, Liberals preserves lives.

Among foolishly educated, super pseudo intellectual, super idiots as C-Span host, guest and most callers in are dramatizations, sensationalisms, unjust dispensationalisms are good enough to please them. Many politicians, news mediocrity, religious leaders are feeding the public nothing but dramatizations, sensationalisms, unfair, unjust, cruel, corrupt dispensationalisms and many perverse stupid phrases in homes and Churches accept, love and obey illogically insensitive, nonsense, spoken by forgers of lies who are able to pass themselves off as angels of lights and as physicians of good values.

too The world is groping in too many darknesses, and suffering too many sickness and diseases of spirits, minds and physical bodies for there to be enough physicians of good values and enough angels of lights. We have been in this world many, many, many years, yet, have not found good enough peace plans, We are not wise enough to learn how to have the total love of God within. We are not wise enough to develop the total image of God within. We are not wise enough to understand how small, how stupid, how unwise, how careless, how non-caring and how harmful we are toward the best choices. We have not yet learned how to make education best serve us. We are book wise but we love to steal, hustle, subvert, cheat, rob, con, and do other wrongs without causes, upon others.

5 C.S.

The Worlds greatest people are Liberals. Social Security, Federal Insurance, Civil-rights, Un-employment Compensation

Listening to most who call in and C.S. pan host, hostesses and guest makes wise people understand Conservatives are stupid, dumb, sick, diseased in opinions and intentions, Poor Conservatives are too ignorant, too naive, too stupid to realize they are so badly befooled by the prosperous. Poor Conservatives don't have enough commonsenses, motherwits and good senses to realize the poor have not harmed them. Poor Conservatives are too stupid, to realize that its where the money ends up, that is where the Corrupt Crooks are living. Rich Conservatives give poor Conservatives nothing but some extremely false promises, lies, and inconsiderations when it comes time to award best deeds, duties and righteous realities toward all.

But With the many Corrupt Crooked technicalities and technologies in our midst, many foolishly educated, super pseudo intellectuals it is very difficult to prove what are truths, rights or wrongs ⁱⁿ deeds and duties are possibilities. O how damaging foolishness can be. The prating fool is very busy among foolishly educated, un-wise religionist, stupid news medias and stupid politicians. Of course some news medias, religionist and politicians want to be stupid and love to do stupid things. That statement's truth is proven in all ancient history making. The wars and rumors of wars. The crimes and violences. And because iniquity shall abound, the love of many shall wax cold.
