I am hooked on Camel
Cig & C. Span. Seems you are
a unique organization.
Giving the Public a chance
to debate is wonderful
and should be so in
a democratic society.

I am 75, live alone
and get tired of CNN's
repetition of yesterday's events.
I had been under the
impression that the
oldest news possible was
yesterday's newspaper. Why
has this changed?

would like to
(over)

How, How Are you funded
By Private or other?

Would like to have
Some discussion on the old
question. Is war a rich
man's war and a poor man's
fight.

Also a discussion
of the Cold Control
Spendings especially on Programs
not in the Fed's Purview
Could we not reduce taxes
instead of a continual
increase?

Keep up the good
work and lol. Keep
listening, every chance I get.
Nobody is perfect but
good delivering what the
Country needs, debate on
important questions that
affect us all. Best regards
