Re: Booknotes "Patton"

Unfortunately Brian Lamb
is still "how come"-ing, as
in the above program. Not
five minutes into the inter-
view, Lamb starts with one
of his "how come" questions!

Why can't Lamb learn
that the correct word is
"why"?!! Lamb himself
offers a prime example of
today's poor grammar
usage - he should be
ashamed!

After Lamb's first "how
come" I'm gone - CLICK,
I'm outta here! Too bad.
C-SPAN lost a viewer simply
because of Lamb's "how
come"! Lamb should get
the message!
