

C-Span

I had such respect
for your coverage but
on Tuesday when I
turned your ^{NOV 24} station on
and saw 2 ^{NOV 24} complete
idiots - typical of the
Republican party -
which I use to be a
part of (this is just
some of the reasons I
changed - They have such
arrogance and feel they are
so much better) and
condemning everything
good. I hope you get
a lot of notes letting
you know about this.
We turn it on hoping
you information only
to get garbage.
I really thought you

I were above Rush Limbaugh. I realize how you must screen the calls so they come in for your liking. I feel Brian shows bias but everyone else is fine.

I just can't believe you would let Rush Limbaugh near your station - this is the lowest of the low.

I'll not watch your station again - I had great respect for you. I guess the rich Republicans had enough money to buy out your good judgment.
