Dear Sirs,

As I do not have access to a word processor I am forced to write this in longhand - I hope it will not be too hard to read.

I am writing to commend you and to thank you most heartily for your coverage of the recent March in Washington for Gay, Lesbian, & Bisexual Rights. I watched all 6 + hours, as well as the interview preceding the coverage.

It was a real service to all,
& I thank you.
