2 Sgan
Washington DC

Dear Sirs:

000594 APR 12 1993

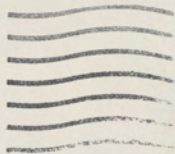

As I watch C-Sgan I see
(my opinion only, of course) more and more
call in programs loaded with
panelists of the liberal view. Typical
was the panel of neuro people discussing
Pres. Clinton's decisions on 4/9/93.
all were obviously liberal. all
obviously supported Pres. Clinton.

Do you apply a liberal/utimur
test before choosing a panelist?
(I can anticipate your denial already)
I guess what you see is
what you get and my choice is to
seek elsewhere for objectivity. I am
frankly disappointed.

Very Truly Yours
