Reading Pa. 19602-1141

CSPAN/CSPAN 2.

I watch CSPAN/CSPAN 2 and
CMN & especially appreciate
"Breaking News."

However, I had to write to you
immediately. I was watching on
CSPAN 2 speeches live from the
White House, in which the Pres.
spoke, a cop from Hel. spoke
& introduced Janet Reno. After
speaking a minute (she was
not done speaking) CSPAN 2
switched to the U.S. Senate live
which we can see every hour
of every week day. How often
do we get speeches live from
the W-H? I've seen the same
thing on other channels (CSPAN
& CMN) where you don't complete
reports by Cohen, Clark, Lockhart,
Albright, Pentagon briefings &

others, where you didn't let them complete their reports to switch to U. S. Senate live. which we can watch most any hour of any week day.

Is there a reason for this.

I actually saw a program when they cut short a live report by the Pres. William J. Clinton to return to the U. S. Senate Live.

Again, I say what is the reason for this.

Certainly no report is more important to the American people than a report by the Pres.
