I respect you and enjoy
C-span so very much but I
certainly did not appreciate
your rudeness on my call
which I made on Sept 17-93.

After months and months
of trying to get thru I
finally did on the date I
have. After holding the line for
12 to 15 minutes, I heard your
voice saying "go ahead, you're on
the air".

I started talking and after
a few sentences you cut me off
so quickly, I didn't have
much of a chance to say any-
thing and then the payoff
was you never discussed a
thing what I said and
went right on to the next

person, I could not understand this kind of treatment after a year of trying to get thru.

I realize you are a Republican that is easy to figure out and since I was expressing my Democratic views on Taft I surmise that is why I was cut off.

I am a Democrat but not a liberal and I feel Taft would hurt the working man in this country. The Republicans agree that we should have it, anything else Pres. Clinton brings up they are against. I was saying these things and that when you interrupted me with out any discussion. I am very angry & disappointed.

So many people call you and tell you how fair you are. I am inclined to disagree after my experience. I pay my cable and got C-span on it but I guess it doesn't mean anything. A disgusted viewer
