Sir:

I have been wanting to write this note to you since the unlamented Justice hearing into so-called harassment.

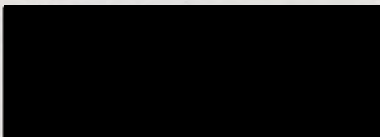

What I wanted to say was your handling of this matter was superb and your handling of practically everything you do it equally so.

It is a great pleasure to be able to hear a televised program of merit without all the commercial manure which usually surrounds it.

Thanks again and keep it going. As an aged citizen of the country(now aged 93) it is pure pleasure to hear something which does not border on the lascivious or sex.

Most Sincerely

If you bump into my son
