May 12, 1993

Mr. Brian Lamb,

Thank you for your time/money that you donated to myself and other Close Up participants from [REDACTED]. While in Washington, D.C. we learned many things about the government, the history of the city, and the city and social groups of today. The people who worked for Close Up were very well educated and thoroughly explained, by discussion, the workings of the government and the happenings of each day. The program directors made each student wish to learn. Once again I would like to thank you and to ask you to help future Close Up participants.

Sincerely,
[REDACTED]

Montgomery AL 36117
