Dear Buax & Company,

Thank you for your continued excellent coverage of important hearings and events.

I think most viewers realize the difficulty in providing balanced programs and believe all of you make every effort to be objective, impartial and fair in interviews and selection of guests.

In particular, I would like to thank you for covering the press conference relating to Dolan vs the City of Tigard as a part of America and the Courts segment. As an Oregonian I am especially aware of the importance of this case.

In closing, I would like to again request that you

Consider making audio  
cassette tapes available.  
There are many programs  
that I would like to listen  
to while commuting, jogging,  
or walking as well as  
to practice to others.

Thank you again.  
"Thank Good (and you)  
for C-SPAN."

Sincerely, [REDACTED]
