Subject:

Sexual Harrassment charges against Judge C. Thomas as seen on C-Span on 10-11-1991 through 10-13-1991.

This is the first time, I believe, that I have witnessed a miracle in my life. Thanks to the testimony of Mr. John Doggett. Mr. Doggett, I admire you tremendously. It took great courage for you to come forward as you did. I wish to personally thank you from the bottom of my heart.

I have known for the last 25 years or so that our politicians are about the most unscrupulous, devious, and conspiratorial white collar criminals in our country, indeed, the world. They will do anything to accomplish their goals regardless of whom they ruin or destroy. Our President is a murderer. He caused the death of more people than abortion during the 100 day war against Iraq. In my opinion, he should get the electric chair.

Facts:

Anita Hill should be examined by a psychiatrist and if proved to be sane, should go to prison and do her time. I'm sure that an organization was behind her. Who? I'm not sure but I would place a large bet that it was the Democratic Party, headed by Kennedy and others. They too should be investigated along those who leaked to the press or media.

Mr. Thomas, I was pulling for you all the way. I just could not believe those allegations against you. You do as you please, but if I were you, I'd tell them to shove the appointment where the sun doesn't shine. You are too good of a man to associate yourself with those kind of people. On the other hand, the poor and minorities need you. You could be T-H-E man we have been looking for.

Senators Metzenbaum, Biden, Leahy, Kennedy, Simon and Heflin should all resign. They no longer have any credibility, in my opinion. They are a disgrace to our country. Impeachment would be in order. I'm in favor of cleaning up Washington. This is a good place to start.

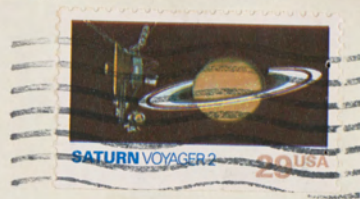

I'm a 66 year old man, retired. I too grew up in a very poor family. of 13. I too know of hard times. I remember the depression years. At the age of 5 & 6 I stood in the welfare lines with my dad when we lived in Pgh. Pa. I am a first generation Italian American. I am the proud holder of 2 Honorable discharges from the U.S.N, WWII and The Korean Conflict. Another war that should never have been fought. I made my living as a small business in the retail business, and selling life insurance. I have only a high school education, but I assure you, I can do a better job, a more honest job in Washington, D.C. that 95 of our senators are presently doing.

Your comments are welcome.

Very Sincerely,
[REDACTED]
