Dear CSPAN:

Thank you very much for having Professor Chomsky for the interview/call-in on December 10, 1993. I have followed Mr. Chomsky's lectures for many years and was very happily surprised to see him on CSPAN. So much so that I will make an effort to seek out newspapers that list your presentations. I almost let this one get away and don't want to miss the next time you offer such an esteemed guest.

Carl
