Dear Brian:

Very disappointed in your morning 8:AM call-in programming of late .. Friday you had two Republicans and one Democrat - plus the onslaught of maniac Republican call-ins! Had to turn it off and am finding myself doing that more and more! It saddens me as I have been a fervent viewer of C-Span since its inception - The truth will never "will-out" with the display of these "right-wingers" who cannot and will not believe they have LOST the election!! They are mean-spirited and poor sports and were they TRUE Americans would not behave in this fashion. Also, Brian, am becoming very exasperated with you, mentioning the testiness of President Clinton on the construction site - how quickly you have forgotten the display of bad temper shown by Bush calling a constituent, "draft-dodgers" and telling them to "SHUT UP" - could hardly believe my eyes and ears!! And, then, calling President Clinton and Vice-President Al Gore "Zombies" and "The Ozone Man"!!! Where are we as a nation going? This is a democracy and we, the Democrats had contained ourselves admirably through the 14 years we were not in office - I recall Bush's honeymoon lasting forever!!

I am really not a vindictive person but, with all my heart, feel that they, the Republicans are a vicious , cruel bunch and I do not wish them well!!!!

Sincerely,

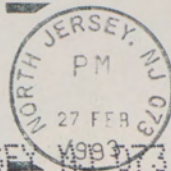

Convent Station, NJ 07961

P.S. Would like to hear from you.....

P.P.S. Pres. Clinton was only in office three days and already they were pouncing on him!!!! Very unfair.....
