

12/18/93

Dear C-SPAN,

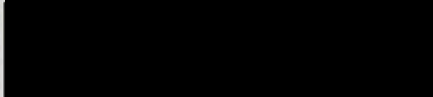

I am a recent cable subscriber and am already addicted to C-span because of its broad scope and coverage of alternative spokesmen on many issues.

My problem is I don't yet know how to obtain copies, either audio-visual, or written, of the materials and sources I am interested in.

In particular I need to know where I can obtain a cassette of the speech delivered by Noam Chomsky at something called the "Covert Action Quarterly" that aired somewhere around 12/10/93.

Please advise,

Thank you,
