Dear Brian, Susan et al -

Many thanks for your marvelous 5th Anniversary 'Booknotes' special - and thank goodness you re-run at 6 am - We'd spent the weekend with cable interference - unparalleled in scope - as your Sunday show went on we also lost the sound - calls to the CVI answering service finally got it cleared up just as the show finished! Frustration is not the word for my fury -

Watching it at Dawn was terrific as you were in competition with morning Birds & wild geese etc. - But still SUPER - I love all your special programming but Booknotes, Journalists on Monday & Friday, call in shows are my favorite unmissables -

Keep up the terrific programming and know that I + when CVI in Goldsboro NC drops a-span, that's when I drop them and go to a satellite Dish - (for my husbands sports) C-span is the only channel worth paying for !!
