SPAN - and a "favourite President".

Ladies/Gentlemen

I am sure this note is far too late for any "contest" on your enjoyable, informative channel(s):

illiterate as a youngster and not necessarily a business success, a determined democrat, who had been schooled by his wife, took the reins of a shaky carriage and did

a commendable job of continuing the works and spirit of his fallen predecessor, in such a way that needed "repair" was eventually achieved on the brink of "CWII", by the best of the two Johnsons.
