Dear Brian,

I heard you ask a caller how much of the Rainbow Coalition Candidate Presentation she had watched. She hadn't.

I tried to call, but couldn't get through, so I thought it best to write. I watched every minute of it, or if I had to leave the room I listened. Yes, I had work to do. I took it to a place by the TV Set. Thank you so much

for this really first class
program. I'm sure it
was the best political
symposium I have ever
seen. It should become
a model for what T.V. can
do for democracy.

Of course, I'm a Democrat.
but the Republicans deserve
a program like this too -
(I suppose.)

Gratefully
