Dear Sir:

We have been avid listeners to C-Span for many years. Thanks God for C-Span! Unfortunately, we cannot say that anymore. Since the recent changes in the cable industry, our cable company has restricted viewing of C-Span programs from 24 hours, seven days a week to eight hours a day, five days a week.

A letter written to TKR, the cable company in our area, in August did not obtain any response. We need your help! Please tell us what to do to get C-Span back fulltime!

Thank you.

Sincerely yours,
