We are C-SPAN junkies and watch it every day. Thank you for being there. We would like to make a suggestion concerning the voting display panels; the summarize display panel and the other panels showing how the individual Representative voted.

Could it be possible to show on TV both display panels, even if they are shown alternately or split-screen? It is our desire to see not only how some individual Representatives vote, but most important, how our Representative vote on a particular Bill or Amendment. We now have to rely on newsprint or other news media to see how they voted on a particular Bill. Thank you.

Sincerely,
