

Heard the Call-in say,
Your guests are biased
against Clinton. If that
is so, people like he, better
wake up and listen well.
If your guests are not
able to speak well about
Clinton, it's because there
is nothing good to say.
Clinton and group are
a night mare. We are
ever so thankful for
C-span and people like
Rush Limbaugh. You
people may be the only
ones to save our country
from the dark cloud
desending upon us.
Don't change a thing. You
do a tremendous job.
