a scream from the hinterland:
we're out here, Brian, just can't
get in ... These blankety, blank
right-wing-whackos tie up the phones
clearly 75% of the time! Also,
you put them on far more than
they deserve. I'm incensed!

We voted these assholes out after all.
Who gives a damn what they think!
And thanks a load for an extra
line now and then — seems you
have one reserved for them full
time!!

Please Brian, do your job.
We depend on C-Span, after all,
for a balanced view
