Dear Brian—

I have been a "C.SPAN junkie" for over five years. With the addition of C.SPAN II in our area, I could hardly contain myself. I've tried phoning countless times (as do millions of others, I know) to tell you how much I enjoy the programming and all of your commentators. My question — where is Ed Swann? I thought he was fabulous and have ^{seen} very, very, very little (if any) of him in months. Thanks in advance for your response and keep up the terrific work!!

sincerely, [REDACTED]
